

Hello from the project team!

We're delighted to provide you with our weekly progress update on the transforming the front door of children's services project. And guess what? We're so excited about our progress that we're sharing it a day earlier than usual! Enjoy the sneak peek!

Did you enjoy the show! 🗣️

On Thursday, we held our 9th Show and Tell presentation, which was marvellously presented by our Diamond members Irene, Amy and Sandra. Over 140 people attended online. As always, the presentation generated some great questions that will support and influence our ongoing project work on transforming the front door.

The slides from the Show and Tell presentation are attached. Our next Show and Tell is scheduled for November. If you're on the distribution list for these weeknotes, you'll automatically receive an invitation to the presentation.

We would greatly appreciate your feedback on the show and tell presentations. Whether you have ideas or requests for future presentations, we would be thrilled to hear from you. Please feel free to contact us via our group mailbox: childrens.frontdoorproject@nottsc.gov.uk

Mosaic Big Build workshop

On Tuesday, MASH and Early Help colleagues met to define the scope and guidelines for a comprehensive development of a new Mosaic workflow and integrated reporting system that aligns with the ongoing Early Help and front door re-design work. We assessed our current status, clarified any outstanding questions and reviewed current timelines and next steps.

Big test review meeting 💬

Our big test review meetings are back! Your feedback is crucial in assessing the effectiveness of the big test. We would greatly appreciate it if everyone involved in testing could join us for these review meetings. You can now book your place on a review meeting by clicking the link next to the review date you would like to attend:

- ♦ **October 2nd at 9am** – register for this date by clicking [here](#)
- ♦ **October 9th at 3.30pm** – register for this date by clicking [here](#)

We greatly value your feedback and assistance in getting this right. These meetings offer an opportunity for everyone involved in testing to review successes, identify potential challenges, discuss process changes, ask questions, and share thoughts and ideas. Your contribution and engagement are highly valuable and will help us enhance outcomes for children.
