This half day seminar provides an essential update for managers and staff whose roles and responsibilities involve safeguarding children. This event can be used as an opportunity to meet the requirement of refreshing inter-agency training. Applicants must have attended an Introduction to Safeguarding Children event (own agency or NSCP) or completed one of the Awareness of Child Abuse and Neglect e-learning modules.

(There is no need to apply if you have attended one of these events in the last 12 months)

Learning Outcomes –

- Increase understanding of the national & local context for the safeguarding agenda
- Increase knowledge of relevant new legislation, inter agency practice guidance & revisions to the child protection procedures
- Identify sources of information, advice & training with regard to safeguarding children
- Refresh and up-date knowledge on Safeguarding issues and themes currently affecting practice in Nottinghamshire.
- To share learning from local Serious Case Reviews / Child Practice Safeguarding Reviews. **Warning:** These will be recent reviews which have occurred in Nottinghamshire so as practitioners you may have been involved with them as part of your role so you may find them upsetting.

NSCP Colleagues will provide the training.
