

Working Together to Safeguarding Children

LEVEL 3
TRAINING

This course is now a virtual training event.

The course is now being offered in 2 parts – Part 1 E Learning (pre requisite to attend the virtual event? Part 2 Virtual Training Event.

The course aims to progress inter-agency working with a view to improving the outcomes for children in line with Working Together to Safeguard Children 2018. This is achieved by creating a shared understanding of inter-agency roles and responsibilities and identifying how personal responsibility can contribute to this.

The content will include the identification and assessment of risk and need and the importance of inter-agency working to address these through from early intervention to Section 47 procedures (Children Act 1989). We will consider the child protection process in detail so that colleagues are able to contribute to assessments, child protection conferences and core groups so that outcomes for children are improved.

Target Group

It is aimed at all practitioners and managers from all agencies who work directly with children, young people, adults and families who are new to their safeguarding role.

As part of your role you will have responsibility to undertake Section 47 enquiries, co-ordinate assessments of children in need, or will be expected to attend and participate in Initial Child Protection Case Conferences, Review Conferences, Strategy Meetings or Core Group Meetings etc.

The course is also applicable to managers and staff who work with adults where there are children in the family.

Eligibility criteria

Applicants must have attended an Introduction to Safeguarding Children event or completed one of the Awareness of Child Abuse and Neglect e-learning modules.

Designated Persons/Safeguarding Leads in School, College and Early Years settings must have completed specific Designated Person training prior to attending this course.

Course charges

Please note that from April 1st 2020 we have a newly revised charging policy which may affect some organisations who do not contribute financially to the

Partnership i.e. Schools, District & Borough Councils, Notts Fire & Rescue Service. For more details please see our charging on the initial training page. The cost of this course for those who need to pay is £60.00 for the face to face training. £35.00 for the virtual training event. Please see our website as this is different currently to reflect virtual sessions.

Learning outcomes

By the end of the course we would hope participants will:

- Apply knowledge from legislation, policies, procedures and research to inter-agency practice.
- Strengthen awareness of your role and responsibilities, and that of others, in safeguarding children and the child protection process.
- Understand how to contribute effectively to the identification, assessment and analysis of risk and need to improve the outcomes for children.
- Understand the aims and objectives of strategy meetings/discussions, child reviews and core group meetings; including your role within these and how to develop and contribute to child protection plans.
- Recognise the importance of efficient communication and information sharing in working together to safeguard children.

Please note: Unless there is a particular reason, there is no requirement to complete this course more than once.

In order to update inter-agency safeguarding training please consider What's New in Safeguarding Children or one of the seminars / briefing events advertised during the year.
