

Greetings from mission control! 🚀 We're thrilled to bring you our 50th weekly progress update 🎉. It's been quite the journey on the transforming the front door of children's services project so far and we can't wait to share the latest developments with you. So, strap in and prepare for an astronomical adventure!

Behind The Scenes 🗣️

We know we haven't been in touch recently, but our Diamond and cloud teams have been working really hard behind the scenes to iron out the details of our next steps.

For our internal NCC teams we are arranging a meeting to talk to you about learning from the test and what we feel is the best way forward. You will receive an invite for this meeting in the next couple of weeks. Please watch out for this and prioritise this meeting where possible.

In the meantime, we ask that our referrers in Bassetlaw, Newark and Sherwood continue to call the MASH with any safeguarding concerns. Please refer safeguarding concerns to the MASH via telephone on 0115 804 0003 instead of via email or online form.

Mark Your Calendar for This Important Date 📅

Our next Show and Tell will take place on **5th December**. This presentation is your chance to learn about what we have learned and what we are doing next at the MASH. Please mark your calendars! Invitations have already been sent out, but if you know anyone keen to join, please let us know and we'll add them to the guest list.

For those new to our Show and Tell meetings, here's a brief overview: These regular sessions allow team members to present their work to colleagues outside their immediate team, offering insights and inviting feedback. It's an opportunity for the team to highlight their achievements, share lessons learned, and discuss future plans. This creates a valuable feedback loop where everyone, **including you**, can ask questions, build connections, and influence the direction of the work.

Until next time, have an amazing weekend and keep your eyes peeled for the next update in a couple of weeks!
